BACKGROUND INFORMATION

Supplier provides hosted products and services utilizing proprietary internal technologies and systems, which are useful to third party companies, with a view to improve such third party companies' internal and external efficiency. Together, these hosted products and services form a Software-as-a-Service for building excellence capabilities.

Supplier is a digital subsidiary of EFESO, a leading management consultancy firm whose worldwide activities include providing clients with knowledge management and services aimed at continuous improvement.

EFESO has created and developed an original, proprietary, knowledge management system aimed at producing useful and practical know how which generates value, developed over more than 20 years of work and investment by a knowledge center based in Milan, Italy, staffed by a team of dedicated specialists who collect, select, organize, update and systematize the creativity and experience of the hundreds of consultants who work for EFESO's many clients throughout the world.

EFESO's standardized and/or personalized knowledge is contained in a 'Toolkit' that is protected under copyright, database and other intellectual property rights. Neither party will disclose the terms of this Agreement or any Order Form to any third party other than its Affiliates, legal counsel and accountants without the other party's prior written consent, provided that a party that makes any such disclosure to its Affiliate, legal counsel or accountants will remain responsible for such Affiliate's, legal counsel's or accountant's compliance with this "Confidentiality" section.

The Receiving Party may disclose Confidential Information of the Disclosing Party to the extent compelled by law to do so, provided the Receiving Party gives the Disclosing Party prior notice of the compelled disclosure (to the extent legally permitted) and reasonable assistance, at the Disclosing Party's cost, if the Disclosing Party wishes to contest the disclosure. If the Receiving Party is compelled by law to disclose the Disclosing Party's Confidential Information as part of a civil proceeding to which the Disclosing Party is a party, and the Disclosing Party is not contesting the disclosure, the Disclosing Party will reimburse the Receiving Party for its reasonable cost of compiling and providing secure access to that Confidential Information.
